Subject: Transportation of Nuclear Waste

I am VERY OPPOSED to transporting nuclear waster over our freeways  
.....particularly the new Beltline. If this actually happens, you willl  
see a huge flight of residents from the Las Vegas valley. I for one do  
not want to live in this area if the transportation of nuclear waste goes  
along the Beltline or Highway 95!!!!!! And, everyone I speak with says  
the same thing. So, if you think the wonderful Las Vegas economy will  
continue under those circumstances....take another guess!!!!!!
